HaloSwift™

The Halo Swift™ is a lightweight evacuation chair, designed for **one person operation.** Its unique track system provides a smooth and controlled evacuation, for both the operator and passenger. With anti-slip grips on the handle enhancing operator control and a footrest with integrated footstrap, the Halo Swift™ provides comfort to the passenger.

ONE PERSON OPERATION

1	400 lb	24 lb	9.4″
OPERATOR	PAYLOAD	CHAIR WEIGHT	FOLDED DEPTH

Double handed grip
Enhances user operation and provides greater operator control.

Sewn-in safety belt
Secures the passenger into the Halo Swift™.

Zipped hammock
Dual seating position, zips can be removed to provide a different seating arrangement.

Footrest with integrated footstrap
Provides a secure place for the passenger to rest their feet and the integrated footstrap secures in place.

Contoured headrest
Provides passenger comfort and its integrated strap provides additional support.

Unique friction belt system
Self-braking belt controls smoothness and speed of descent.

Kickstand & rear wheels
Deploy for use on flat terrain.

Castor wheels
Strong 2″ wheels enhances operation.
