HaloUltra™

The Halo Ultra™ is a robust evacuation chair, designed to accommodate passenger payloads of up to 500lbs/227kg. Its zipped hammock and footrest, which doubles as a grab handle, provide greater comfort to the passenger and enables a second person to assist in downward evacuations. The Halo Ultra™ has a unique track system which provides a smooth and controlled evacuation, for both the operator and passenger.

500 LB PAYLOAD

1–2	500 lb	28.6 lb	9.8″
OPERATORS	PAYLOAD	CHAIR WEIGHT	FOLDED DEPTH

Double handed grip
Enhances user operation and provides greater operator control.

Sewn-in safety belt
Secures the passenger into the Halo Ultra™.

Zipped hammock
Dual seating position, zips can be removed to provide a different seating arrangement.

Front grab handles
Enables second person to assist.

Footrest
Provides a secure place for the passenger to rest their feet.

Contoured headrest
Provides passenger comfort and its integrated strap provides additional support.

Unique track system
Self-braking belt controls smoothness and speed of descent.

Kickstand & rear wheels
Deploy for use on flat terrain.

Large 4″ castor wheels
Provides stability when descending stairs.
